

TEAM FUN SCAVENGER HUNT

# PARENT SHEET

DARWIN FESTIVAL 2020

## HELLO GROWN UPS!

Team Fun here, to talk you through the technical side of today's adventure.

We want to help you and your family get outside and enjoy Darwin for the creative and wonderful place it is.

Today is all about using your imaginations and letting your children lead the exploration. We want to encourage you to be a little silly as a family and get out into nature away from screens for just a little while.

This experience is about mindfulness and adventure, helping your kids to appreciate the little things and finding the joy and creativity in everyday objects and places... so let's go have some fun!

## THINGS TO BRING FROM HOME

- PAPER PENCILS/ CRAYONS
- WATER TO DRINK
- A BUCKET/ CONTAINER
- SUNSCREEN
- HAT
- SNACKS
- CAMERA OR PHONE TO GET PHOTOS

# HOW CAN YOU HELP?

It's easy! Today is all about child-led play.

There are no wrong answers. Don't worry if your kid finds something different to what you were thinking, that's all part of the fun.

If you have really young kids you may need to help a little more, but if your kids are 6+ really focus on letting them be 'right' in whatever they come up with. If an idea (ie location or object) is unachievable, it's your job to find a way to work around that.

Say your child wants to go to the beach but transport is an issue, then let's find ways to recreate the beach in the backyard, or at the park across from the house. It could be as simple as adding a sound track with waves and a picnic blanket!

Make sure you're having fun too! This is all about enjoying time as a family and learning a little more about how your youngest housemates think!

You'll be amazed at how clever they are and how differently they see the world. The location of your adventure can be anywhere - backyard, beach, park up the road, Litchfield, truly anywhere...

## ACTIVITIES & GAMES

THERE WILL BE 5 ACTIVITIES TO COMPLETE ONCE YOU MAKE IT TO YOUR LOCATION
